

# Pro-Gear ...Wet weather solutions

---

**Custom Rain wear, Jackets, Parkas, Leggings, waterproof accessories - made to requirement service:**

...Whether your organisations need is for bespoke, or a specialised solution straight off the shelf - we will be able to help. For unique design, you may be able to provide your ideas and a design specification, or we can work together on a collaborative design. A variety of durable functional waterproof fabrics, and specialised technical fabrics can be accommodated, and high visibility features can be added where required. Advise the quantity required, & we'll provide a free quotation.
